

EURAINSAT/B 1.0

Geo scale estimates using histogram matching or IR with near-real-time SSM/I.

Kidd, C., Kniveton, D., Todd, M., Bellerby, T., 2002. Satellite Rainfall Estimation using a Combined Passive Microwave and Infrared Algorithm., in *J. of Hydrology* (accepted).

<http://kermit.bham.ac.uk/~kidd/matched/matched.html>

Spectral Intervals & applicable satellites:

Global IR data

METEOSAT

GOES

SSM/I

Spatial Scale:

IR-pixel scale

Temporal Scale:

IR-sampling scale

Ancillary Data (e.g., soundings):

none

Additional Comments:

Routinely calculated and disseminated through the URL
